

I would like to share my personal thoughts with you regarding your products. I first started with the Cleansing Milk, Balancing Lotion and Cell Parer Creme, and then tried your Protective Creme, Honey Almond Scrub and Masque Tonifier. I love all of the above products. I have been using your products for about a year and a half and I wish your products were available when I was twenty years old. At that time, I would have taken better care of my skin with the help of your products. But, as you mentioned so many times on your television show and in your articles, it is never too late! I am fifty-one years old (don't feel it and certainly don't look it thanks to your products.)

I am also using your Body Milk, Translucent Powder, Foundation, Revitalizing Shampoo and Instant Conditioner. Needless to say, I am a S.T.GO WOMAN ALL THE WAY!

I wondered if you would be offering other cosmetics, such as Blush, lipstick etc. If so, I would be interested in receiving any info you have on these items.

Well, that's all I have to say for now, except to say thank you for introducing me to your wonderful products. I will be a customer of yours as long as you produce these great products.

Singerely,

Rosalie Prizzi

I would recommend this product to anyone  
of any age. My skin is so nice now I  
will leave the house the odd time without  
make-up. Before, I was embarrassed for anyone  
to see me without make-up!

Thank you for the invitation to your salon and even to appear on your television show, but I cannot go at this time due to a request from the Orient.

However, let me take this opportunity to tell you how marvelous your products are and how they have transformed my face in such a short time. I remember seeing your television shows many years ago thinking this must be a gimmick. Then I saw your show again recently and marvelled at how much younger and vibrant you looked. Well, I said to myself "what can I lose, and if I'm dissatisfied with S.T. Co. products, I could just quit and never buy them again." Well now I am absolutely hooked on S.T. Co. products. The cell fair cream actually dissipates wrinkles and minimizes heavy lines on the face and neck. The weekly facial treatment with the masque tonique even released the dark spots (formed after pimples) on my face. The milk cleansing lotion and the balancing lotion afterwards makes my skin

feel wonderful and rejuvenated. I also carry the vitamin E sticks wherever I go and put it on every few hours to keep the eye area moist.

I will be 45 yrs. old this July, but both my sons' friends tell them that I look like I'm in my 30's. This is just fantastic for my ego! It's a marvelous feeling for me to hear my friends and relatives also say that I look way younger than my age.

My fall is another big earthquake in Oakland, all I need to take are my contact lenses and my cell paper cream and rush out of the house quickly.

Thank you again for your invitation. Hopefully by next time I'll be able to tell you in person what a genius you are and thank you for helping me look younger and younger. I just love your products and will be your most faithful customer for many, many years to come.

Sincerely,  
John Deinger

Dear Suli,  
I'm so happy - I have to  
let you know!

I was in Kansas City 2 weeks  
ago and saw some people that  
I haven't seen in 3 or 4 years.  
When I was there, they commented  
that they didn't recognize me  
and I just thought that the  
reason was because they haven't  
seen me for years.

Well, here's the best news  
I've heard in my life! After a  
few days, a friend called to  
tell me that at least 3 people  
asked where I had my plastic  
surgery done!!! I'm sure they  
won't believe me if I tell them  
that "my secret" is Suli Ho's  
Cell Pared Creme. Thanks, Suli!

Sincerely, Esperanza Tejada

Thank you Suli for your wonderful skin-care line. My name is Grace - and I used your line while living in Burlingame, Calif. On Friday - 6-25-04 I received my first compliment from one of my wealthy customers from the Country Club. She said - Grace - you look so great - did you get a mini face-lift?!! - I smiled and told her NO - and told her about S.T. Co and the wonderful products.

She was so excited - she said please I need to order what you ordered to get such

cont. a healthy glow.  
Ladies - products come and go -  
and one thing is for sure - you  
ow it to yourself - start now and  
feel the Big Difference this wonderful  
Skin-care line will do for you!!

Any question? please call  
me @ grace  
This product does work &  
I'm proof of 8 years off  
and within 24 hrs - off  
the difference in how my

P.S. Oh - that dryness on my  
eye lid - well - that next day -  
it was gone - the dryness flaked  
off - I was so scared - I  
was considering call a plastic  
surgeon to help me - get rid  
of it. The product is  
wonderful - thank you!!!

Dear S.T.:

I just wanted to take a moment and commend you on the wonderful products that I have purchased. I am so happy with them that I had to tell you.

My skin is in its early 40s, it's beginning to show some minor little age lines around the eyes, just barely so, but to me they are there and with your Stress Formula they are beginning to diminish, as are the small lines around my mouth. The cleanser is wonderful, it's soft but gets the job done. The moisturizer is wonderful for an oily skin.

The cosmetics I bought are also great. They glide on smoothly with a sponge, they do not streak or cake. I look as good at 5pm as I do at 6:30am. I've spent more money and received far less quality. I use to use Lancome, but not any more. I am a true believer in your products and their quality.

Thank you very much!

Sincerely,

I am writing you this letter to let you know that I have used your Cell-Réparer for approximately two weeks. Within the first two days there was an extreme improvement in my complexion.

My complexion has always been good due to the fact that I have always taken care of my skin. Your formula has made my complexion more moist, full, and has developed a 'Peaches and Cream' look. I have used Jova 9 products for quite some time and I find that your cream outdoes her products by 90 per-cent. I have intentions of getting your full line to see what it can do for my complexion also. I feel that you have achieved a breakthrough in skin care that many people have tried to achieve for centuries. I have used your Cell-Réparer on

my hands as well, and found that it brings a very youthful appearance, that no hand cream has achieved no matter how expensive or how much used with only a drop of your product, mightly. I applied your product to my husbands' face and with only one treatment, a very noticeable difference the next day. All fine lines were gone as he works outside in the most severe weather conditions.

I want to thank you for succeeding and achieving in the beauty world and helping others to keep beautiful skin for as long as they can. I believe that I, along with other women as well as men feel this way and wish you success. I am very interested in selling your product in this area or would be interested in a franchise in this area. I would like a reply if there

is an interest. Although I live in the West Texas area I learned of your product through a friend in the Santa Ana, California area. I have seen no advertisement in this area. West Texas is noted for its severe dry and windy climate, which as you know is hardest on skin.

I know many people don't like to go through mail-order and would like a product on hand when they need it. Good luck and thank you again.

I feel your price is very reasonable and wish you the best of success.

Sincerely yours,  
Pat Ferchase

It is a pleasure to find a skin treatment that shows an improvement  
in my appearance. I am one who has large pores, so it is important  
for me to treat my skin with care. Being the product of Black and  
Caucasian parents, my complexion is the shade of a Spanish person.  
"S. T. Go" products make me look 20 years younger. I am not the  
only one who has noticed this change, but those who have known me  
for a long time have also noticed. Time causes the skin to change,  
especially in Southern California where it is so sunny.
